Sundhara, Patan, Nepal ⌂

## EDUCATION

**Prasadi Academy**
High School Degree in Science (Computer)
2021-2023

**Herald College Kathmandu**
Bachelor's Hons on Computer Science
2023- Present

## SKILLS

- Basic AI & Machine Learning Concepts
- AWS, LLM, Python, Git
- UI/UX Design with Figma
- Collaboration & Communication
- Data Cleaning & Preprocessing (Pandas, NumPy)

## ACHIEVEMENTS

- Awarded a Certificate of Merit for Perfect Attendance in Prasadi Academy
- Awarded a Certificate for successful participation in "Home Stay Training"
- Awarded Student of the Month in Prasadi Academy
- Awarded Runner-up at DevFest organized by Herald College Kathmandu.

## EXPERIENCE

**Longtail E-media**
**(2023/06/05 - 2023/09/17)**

Interned as a Junior Frontend Developer and Content Writer, where I:

- Organized and curated website content for optimal presentation.
- Ensured impeccable grammar, punctuation, and spelling throughout the site.
- Created engaging content for various sections, including website landing pages, about pages, and product descriptions.

## PROJECTS

**Holesung Resort | 2023-02-27**
Oversaw end-to-end content management and played a pivotal role in frontend design for the entire website.

**Hotel Majestic and Spa | 2023-03-10**
Managed website content dynamically, ensuring a flexible and adaptive approach to the work.

**ML Regression & Classification Model | 2024-10-05**
Built and evaluated a machine learning model for both regression and classification tasks, achieving solid accuracy and performance metrics.

**Chori |2025-06-23**
Dynamically developed and managed the entire full-stack menstrual tracking platform — handling both frontend and backend — featuring AI chatbot assistance, personalized diet plans, and smart period tracking for women
